# WASEEM ALTINAWI

## FULL STACK DEVELOPER

## PROFESSIONAL PROFILE

As a full-stack web developer, I possess a strong interest in projects that require both conceptual and analytical thinking. My dedication to developing innovative applications is driven by my passion for creating exceptional user experiences. With excellent communication skills and a proven ability to adapt to new challenges, I am confident in my ability to contribute to any web development team. .

## RELEVANT PROJECTS

### • Portfolio App

Personal portfolio website to showcase my skills and projects. The website includes a brief introduction and links to my social media profiles, a resume page, a projects page with a list of my projects and their descriptions, and a contact page with a contact form. The website is fully responsive and mobile-friendly, with a clean and modern design.

Technologies used: HTML, CSS, JavaScript, React, Typed React, Sass, Tailwind, React Scroll, React Icons, Vercel

### • MERN+

Quiz App is a full-stack web application that allows users to take quizzes, solve code challenges, view results, and track progress. Utilizes MERN stack, and JavaScript, to create a dynamic and interactive platform. Demonstrates my abilities in front-end and back-end web development.

Technologies used: HTML, JavaScript, React, API, Tailwind, MongoDB, ExpressJs, JWT, Passport, Google Auth, Judgeo, Monaco Editor, react-countdown-cirlce-timer, react pdf

### • Covid-19-Tracker

Creating App to track Covid-19 cases around the world spotting cases on the map and give daily and total deaths, recovers and cases statistics as well as the ability to search certain country

Technologies used: HTML, CSS, JavaScript, React, Api, Leafletjs-map ,Chart.js, React-chartjs-2, Vercel
